# 1. SERVICE OVERVIEW

The Jobbyist 30-Day Remote Job Search Sprint is a structured, time-bound programme designed to help South African candidates secure remote employment within 30 days.

The Sprint combines CV optimisation, ATS-ready formatting, application tracking, interview preparation, and guided job search strategy into a single, focused engagement.

This is not a recruitment agency. Jobbyist does not place candidates. Instead, we equip you with the tools, templates, systems and guidance to run a disciplined, high-output job search independently.

The core promise: if you follow the system consistently for 30 days, you will be significantly closer to landing a remote role than when you started. Whether you are transitioning from a traditional office setting or seeking your first remote position, the Sprint provides a comprehensive approach to navigating the remote job market.

Participants will gain access to exclusive resources, including webinars with industry experts, personalized feedback on job applications, and a supportive community of fellow job seekers. The daily tasks and checkpoints are designed to keep you motivated and on track, ensuring that you make the most of each day within the program.

Moreover, the Jobbyist team is committed to fostering a growth mindset among participants, encouraging resilience and adaptability—key traits in today's dynamic job landscape.
