**World-Class Ecosystems
for the Digital Workplace**

PRODUCT BROCHURE

Product Overview

Recruitment Suite is a turnkey HR management solution developed by Jobbyist for small to medium-sized businesses seeking an affordable, enterprise-level product. Built for the rapidly emerging, multiculturally diverse and technologically sophisticated African job market, Recruitment Suite offers robust and reliable infrastructure to manage every aspect of human resource operations. Ideal for businesses with workforces of up to 1,000 employees, it delivers 99.9% uptime and includes a dedicated account manager to support your journey. Visit our website to learn more about Recruitment Suite and join our beta testing program.

*The*Platform

Our Mission

Our mission is to empower small to medium-sized businesses in Africa with affordable, enterprise-level HR management technology. We aim to democratize access to advanced HR solutions, helping organizations streamline operations and focus on their people

Our Approach

We emphasize user-friendly interfaces and seamless integrations, ensuring that our clients can effortlessly adopt and benefit from our solutions. Our platform is built with scalability in mind, allowing businesses to grow without outgrowing their HR tools. We prioritize security and compliance, providing peace of mind in managing sensitive employee data

To become Africa's leading HR management platform, empowering businesses to manage their workforce with enterprise-grade tools at an accessible price point.

HiringToolkit

Applicant Tracking

Recruitment Suite's built-in applicant tracking system lets you manage candidates from application to onboarding, with automated workflows that reduce manual admin and speed up your hiring pipeline.

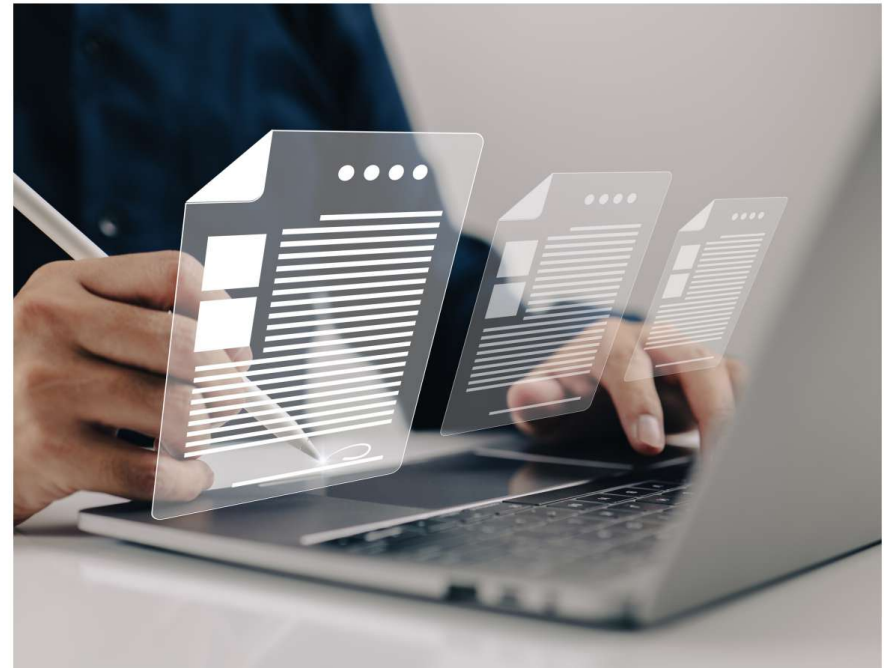

Workforce Management

Manage your entire workforce lifecycle – from onboarding and leave management to performance reviews and offboarding – all from a single, intuitive dashboard.

A comprehensive HR platform built to scale with your business, from your first hire to your thousandth.

KeyFeatures

Our Solutions

Enterprise-level HR tools, built for African businesses.

Employee Records & Verified Profiles

Establish a centralized, searchable database encompassing all employees, complete with verified credentials, skills, documentation, and performance history, accessible from any device. This system guarantees streamlined management and facilitates quick access to essential employee information, thereby enhancing decision-making and operational efficiency.

HR Analytics & Insights Reporting

Gain valuable insights into workforce dynamics with customizable reports and predictive analytics that empower strategic planning and forecasting. Enhance your decision-making process by identifying talent gaps, optimizing resource allocation, and fostering a more engaged and productive workplace.

Freelance Job Marketplace

We are currently developing “KIOSK”, an Africa-first freelance job marketplace, similar to platforms like Upwork & Fiverr. Applications are currently open for anyone who wants to join our growing community of beta testers directly contributing to our research and development efforts.

Value-Added Services

Turnkey Payroll Systems

Automate salary calculations, tax deductions, and payslips for your entire workforce. Integrated with major African banking systems via our technology partner, Currency Cloud, for seamless multi-currency disbursement.

White Label Dashboard

A fully customisable HR dashboard branded to your company. Features team collaboration tools and our AI-powered hiring assistant for creating, managing and publishing job vacancies and opportunities, as well as onboarding new hires.

Resource Center

Access onboarding templates, policy document builders, compliance checklists, and training materials tailored to African labour regulations. Includes free accredited courses and upskilling programs for employees.

*Digital*Footprint

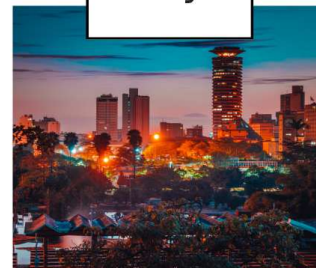

The 2026 Digital Recruitment Suite boosts HR operations in Africa by enhancing innovation and efficiency. It streamlines hiring, reduces time-to-hire, and improves candidate experience using AI and data analytics. The suite offers tailored solutions for businesses in South Africa, Nigeria, Kenya, and Ghana, catering to both startups and multinationals while adapting to attract and retain top talent.

Powered by ***world-class technology partners***

We partner with leading cloud, AI, and data infrastructure providers to deliver a seamless, scalable recruitment experience across all African markets. Our platform leverages these cutting-edge technologies to streamline the hiring process, ensuring that both employers and candidates enjoy an efficient and engaging journey. By integrating advanced analytics and AI-driven insights, we help organizations identify top talent quickly while providing personalized support to job seekers. This approach not only enhances decision-making but also fosters diversity and inclusion in the workforce, creating opportunities for growth and innovation across the continent.

→ **Our** Partners

What We've Done

Integrated world-class technology partners to deliver a secure, scalable, and intelligent HR platform that meets enterprise standards while remaining accessible to growing businesses across Africa.

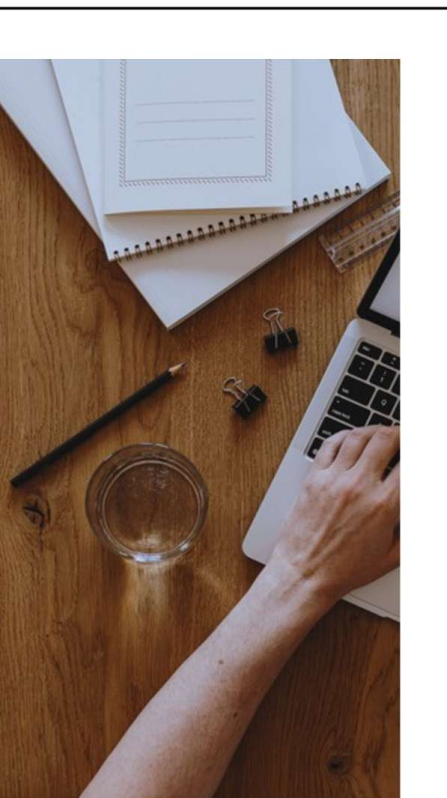

Currency Cloud

Our technology partner for developing bank-level secure payment systems that power the payroll infrastructure of businesses at scale.

Currency Cloud enables seamless multi-currency transactions across African markets.

Docusign

Provides seamless contract management services suited to any use case within the workplace – from employment agreements and NDAs to vendor contracts and policy acknowledgements.

→ *Our* Partners

What We've Done

Built an ecosystem of strategic partnerships that enhances every layer of the Recruitment Suite platform – from AI-driven automation to employee development and continuous learning.

Claude by Anthropic

The AI framework behind our powerful workflow automation tools and services.

Claude powers intelligent candidate screening, document generation, and smart HR assistants that streamline daily operations.

Coursera

A world leader in delivering high-demand upskilling programs and courses for businesses and teams through its online learning platform. Employees access free accredited courses to grow their skills and advance their careers.
